HIGHER AND FURTHER EDUCATION OPPORTUNITIES & PERSPECTIVES FOR SYRIANS

This project is funded by the European Union.
Bu proje Avrupa Birliği tarafından finanse edilmektedir.
هذا المشروع تم تمويله من قبل الاتحاد الأوروبي

4-Some negative feelings against refugees were noticed as Turkish young people expressed their belief that refugees were taking much of their education and career opportunities

5-Insufficiency of quality educational methodologies and interventions required for huge numbers of Syrian youth in need

(The project helped availing these methodologies at university, communities in 4 provinces of Gaziantep, Şanlıurfa, Hatay and Kilis, web portal and online resources available for widespread use of youth. The project was successful in reaching that big number of beneficiaries through the strong cooperation with local stakeholders)

Way forward:

- The project has provided Syrian refugees with **knowledge** about education and career, **means** on how to proceed for achieving success as well as **tools** to aid them in achieving their education and career goals such as web portal
- The outcomes of the project will be sustainable through this Education and Career mentoring **methodology** initiated at HKU, the 10 trained **leaders** and the 17 trained **teachers** who will carry on in helping Syrian refugees in their education and career
