PREPARATIONS FOR TURKISH LANGUAGE COURSE AND YÖS COURSE

A protocol was signed with Ankara University TÖMER Branch in our province for Turkish language education of Syrian students who were included in the Project.

Three mathematics teachers working in official schools of our Directorate were assigned to mathematics courses in the YÖS preparation course which is organised in the scope of The PATH project.

We have contacted Ankara University in order to conduct the Ankara University YÖS exam in Bursa Province. Thanks to The PATH project, the exam was held in Bursa and many of the students who are not in this project benefited from this arrangement.

TURKISH LANGUAGE COURSE AND YÖS PREPARATION COURSE

- For the Turkish language course, we have received online applications of Syrian students who are studying in high schools in 5 central districts of our province.
- 120 students applied for Turkish Language Course and YÖS Preperation Course.
- The students evaluated according to certain criteria and the references of the teachers in their schools and 48* of them were entitled to enroll in the courses.

*In the application form of the Project the number of participants of Turkish Language and YÖS courses were 40. The participant number was increased with the economic and appropriate use of the budget.

TURKISH LANGUAGE COURSE AND YÖS PREPARATION COURSE

At the end of the process:

- **48** students received at least B2 level Turkish language certificate.
- **30** of **48** students got into various departments of different universities.
- But some of them could not enroll in schools for family and economic reasons.
- Although some of them had good scores in the exam, they didn't enroll and they prefer to prepare again to get into other departments.
- Some of them were also in their own country (Syria) in the period of preference process and they could not make a choice of university despite the high scores.
